

The Department of Pathology of Treviso, organizes a two-day course focused upon the diagnostic histopathology of Tumors of Uterus and Ovary. The faculty includes Esther Oliva MD, Associate Professor of Pathology at Massachusetts General Hospital, and Marisa R. Nucci MD, Assistant Professor of Pathology at Brigham & Women's Hospital, Harvard Medical School, Boston, USA.

The course is directed to pathologists and will include lectures and slide seminars. Cases for the slide seminar will be provided by the faculty.

The registrants will receive a CD-ROM of the 40 cases along with the clinical histories three weeks prior to the course. **The number of participants will be limited and therefore early application is advised.**
